

LINEA HERRAMIENTAS

Pistola de Clavos MOD STD-A301

SIZE RANGE

62mm pins length 6.8x11mm strip power loads (S₁J, S₁JL)

TOOL DESCRIPTION

NS301T is a kind of undirect-action tool whose power level can be ajusted. This power-adjusted tool has advantages of safety, sure and easy operation, convenience inmaintenance. which has been widely used in various industries such as metallurgy, construction, ornamenting, shipbuilding etc.

TECHNICAL DATA

TOOL LENGTH
340MM

TOOL WEIGHT
2.5KG

LOAD TYPE
S₁J, S₁JL Strip Charge

LOAD LEVEL
Green(3), Yellow(4), Red(5)

PIN LENGTH
up top 62mm

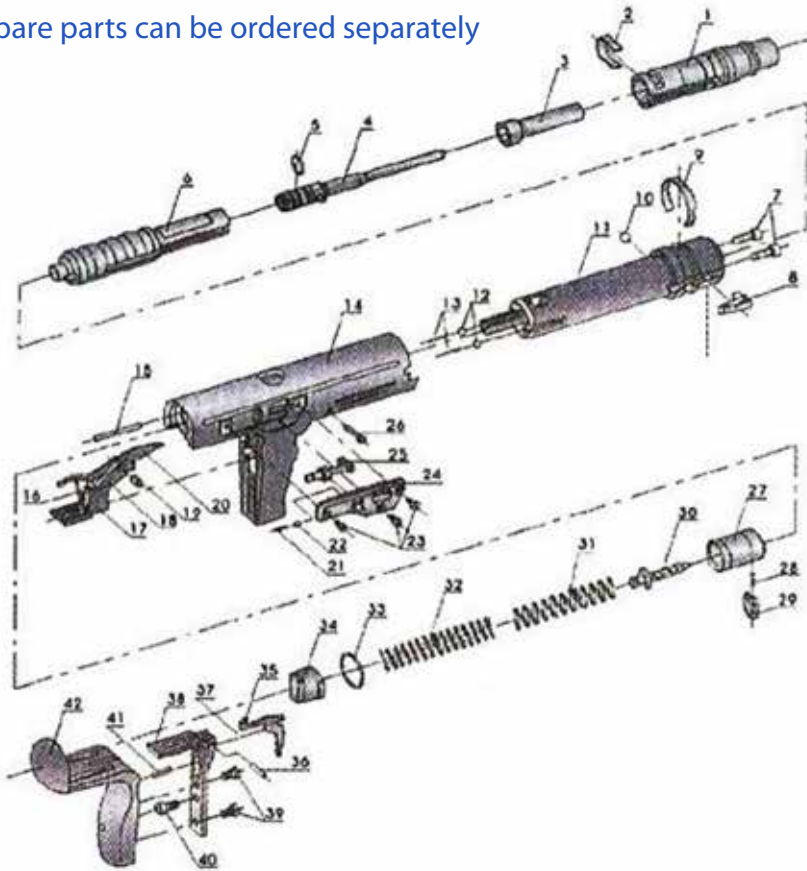

PIN TYPE
YD,HYD,PD,HPD, M6A, HM6A, M8, HM8

SCHENATIC

The spare parts can be ordered separately

SCHEMATIC

The spare parts can be ordered separately
